

17
butter

Pancakes.

2 cups of flour.
2 Tablespoon of sugar.
2 eggs. $\frac{1}{2}$ Teaspoon salt.
2 cups of milk.
and three spoons of melted butter
2 Teaspoon of baking powder
mix all dry ingredients
add Eggs butter and a little
milk at times beat
Smooth make about 94. p-l-a.

I usually mix baking powder
the least as it should be
mixed well not beaten
into the batter as you
have to do while mixing
flour and milk together
